Thank you Bill.

Given our Regional Administrator's deadline for final UIC permit issuance of 8/24/20, your efforts to prepare your senior leadership for a conversation with our RA are truly appreciated.

I will keep you posted as well on our internal efforts to prepare for this NRC/EPA Meeting.

I look forward to listening in with you on the NRC/EPA staff level technical call in the near future,

Douglas

Thanks Douglas

We are briefing a higher up level on this to align on who needs to be in the higher level meeting. Let me pulse them on timing but I would say in August.

Hi Bill: I hope your week is going well.

Let me know if you need further information, etc. from me in order to respond to my request from last week.

Thanks,

Douglas

Greeting Bill: while Elise and Valois are working toward a time/date for our technical call to discuss our UIC Class III permit requirements, I wanted to give you a brief update on our preparing for the higher level management call for discussing NRC policy/legal concerns.

I am currently working with my UIC folks in DC to set up an internal call between our Regional Administrator, Greg Sopkin, and management from our Office of Water in DC later this month. This will help our RA to be prepared for the NRC/EPA call to follow. Can you let me know what timeframe is realistic for holding this call with you and your leadership? We could also propose a draft agenda if that would be helpful. I envision that we would want to have both managers and attorneys on this call.

Thanks and I hope you are doing well,

Douglas

Hello Douglas,

Yes, myself and Elise Striz can have a call with you. I am available from 11 – 2 EST Thursday.

Thanks

Greetings Bill: I hope you are well in this age of COVID 19.

Would you have 15 minutes or so to talk on the phone by Thursday this week on the above topic?

Thanks in advance,

Douglas Minter, MPH
